Facebook, ChildCarers and Website Photo Permission (January 2019)

Dear Families,

Our Facebook, Childcarers and Website pages are designed to allow us to display and communicate upcoming events for all of our families, updates in case of emergency, displaying the children's photos and to share information and important articles related to our industry.

In order to show families the special experiences and events that children are involved in while attending the service we often use photographs of the children participating in the activities on our Facebook, ChildCarers and Website pages.

In order to adhere to our Privacy Policies we request permission from our families. Under no circumstances are our families obligated to take part. Please indicate below your preferences for Sutherland Street Childcare and Kindergarten educators and management to use your child's photos for the following sites:
